15 December 1983

MEMORANDUM FOR: [redacted] STAT

FROM: Walter Elder
Executive Secretary, NFIB

SUBJECT: Review and Revision of Intelligence Community Directives

1. It has now been two years since we began this exercise. It is high time that we complete it.

2. Our inability to complete the review of the DCID's has resulted in an inordinate delay in reviewing the NSCID's which, in turn, has led to an inability to number the DCID's and has made it impossible to issue a revised set of Intelligence Community directives.

3. This is to inform you have I plan to wind up the review of the DCI directives on 15 January 1984. I shall report to the DCI on that date either that the DCID's have been reviewed and revised or that we have not been able to carry out the provisions of EO 12333.

4. Should you find that you are unable to meet the 15 January 1984 deadline, I ask that you provide me as soon as possible a written statement to that effect including a justification which can be presented to the DCI. If there are unresolved issues, please identify them to me in a form which may be used to ask the DCI for a resolution.
